ILSLEY URGES FULL SUPPORT WAR SAVINGS

Asks People To Pledge
Themselves To Purchase
Certificates

WINDSOR, Ont., Feb. 3.—(CP)—
Finance Minister Ilesley warned
today that price rises and ration-
ing might result if Canadians
spend their surplus earnings and
profits for non-essentials.

In an address on behalf of the
war savings campaign, Mr. Ilesley
said most critical period of the war
is at hand, and urged all Canadians
to help in the war effort by pledg-
ing themselves to regular purchases
of war savings certificates.

It seemed likely that 30,000 addi-
tional workers would be needed for
the war effort, he said, his service
club audience and those who heard
his speech over a national network
of the Canadian Broadcasting Cor-
poration. It was doubtful, he said,
if many could be obtained without
drawing upon non-essential indus-
tries and occupations.

"Consequently, either price rises
or rationing is necessary. As
shortages become more general, un-
less we can persuade people to re-
strict their expenditures, to defer
them, let us say, and lend their
money to the nation for war pur-
poses."

LEND TO NATION
Every citizen could participate in
this savings, even the children with
their pocket money, the militiamen
and their families, he said. Certificates
could be bought up to a limit of \$50 worth each.

"The slogan of Canadians should be
"It's smart to be thrifty," Mr.
Ilesley said. Extravagance in a time
of national emergency is "neither
good sense nor good taste."

Mr. Ilesley said he had been con-
vinced by "What may be called our
midwinter war mentality." This

BRITISH, GREEK SUBMARINES SINK 7 ITALIAN SHIPS

SPLET, Yugoslavia, Feb. 3.—
(AP)—A concerted British-Greek
submarine campaign against Italian
military supplies was under-
taken today by reports seven
Italian vessels had been sunk re-
cently.

Travelers from nine Yugoslav is-
lands of Vardar, 50 miles south
of here, reported that a submarine
today sank the Italian freighter Vi-
ctorio Benito, of about 5,000 tons,
and another unidentified 6,000-ton
steamer.

"There is no Vittorio Benito in
Italy's registry of shipping, but it
was the 6,000-ton Italian merchant
ship Vittorio Veneto."

On the Bay of the Island of
Istria, six Italian boats were re-
portedly sunk after being hit by
torpedo boats. Two others were
said to have been sunk in the
past two days on the coast of
Istria, where reports of many bodies
were floating at sea.

Dominion's Armored Division, Tank Brigade Will Cost Huge Sum

By EDWIN JOHNSON

OTTAWA, Feb. 3.—(CP)—The Canadian government
will spend more than \$100,000,000 during the fiscal year
1941-42 in formation and equipment of an armored division
and tank brigade which will reinforce the Canadian corps
overseas, Defence Minister Ralston announced today.

The minister disclosed these
figures at a press conference called
to clarify certain details of the
Dominion's accelerated war pro-
gram, made public by Prime Min-
ister Mackenzie King last night.

This program provides for the
dispatch overseas during the pres-
ent year of more than 200
members of the 3rd Canadian divi-
sion, with its auxiliary formations,
an armored division, an army tank
brigade and the remainder of the
troops for the corps now in Eng-
land.

GRADUAL INTAKE
Arriving out of expanded program,
between 40,000 and 50,000 men
would be required in 1941 to re-
place formations sent overseas, the
minister said. He added, however,
it was not his intention to launch
a recruiting drive for a large body
of men at any one time. He pre-
ferred the intake should be gradual
to meet the needs of the army as
they arose.

Under present plans, the de-
partment is not contemplating
mobilization of a new division to
take the place of the 3rd when it
is ultimately dispatched over-
seas.

Col. Ralston explained there were
available more than 100,000 volun-
teers which could be formed into
a new division should such a move
become desirable. The question,
however, of raising still another or
two divisions would be wholly de-
pendent upon the situation.

Third Division, One Armored Division To Be Sent To Britain

25 New Canadian Air Squadrons Will Be
Organized Overseas—Empire Plan's Ca-
pacity Will Be Doubled During Year

By C. R. BLACKBURN

OTTAWA, Feb. 3.—(CP)—Movement overseas of a
great army of armoured infantry and armoured units in 1941
was promised Sunday night by Prime Minister Mackenzie
King in a broadcast address supporting the February war
savings campaign.

"There are many indications that, within a very short
while, the enemy will make a tremendous effort to destroy
the British Commonwealth by a series of smashing blows
of unprecedented severity," the prime minister said in his
graphic recital of the Dominion's war program.

"Total war will be waged in all its fury."

As part of Canada's effort to meet
this fury of a ruthless enemy, Mr.
King outlined the following objec-
tives for 1941:

Provision of 25 new air squad-
rons, "identified as Canadian,"
from graduates of the British
Commonwealth air training plan,
for service overseas.

Present strength of 36,000 men
in the air training plan to be
doubled, and home operations
strengthened.

Increase of the Royal Canadian
Navy to 415 ships and 50,000 men
by March 31, 1941, compared with
present strength of 175 ships and
10,000 men.

Despatch overseas, in successive
floods, of the corps troops for
the Canadian corps of two divi-
sions now in England.

An army tank brigade for ser-
vice with the Canadian corps.
The 1st Canadian division with
its complement of corps troops.
A Canadian armoured division.

APPEAL TO ALL
Mr. King said he was appealing
to every Canadian "to rally our
strength, sever Christian civi-
lization from disaster."

"Now that the stakes are full
of fire, the government of your
country appeals to you to lend
certain help, as can, as quickly
as you can, help."

After detailing the proposed moves
of the armed forces, the prime minister
said:

Imported Liquor Price Increase Is Announced Here

Several imported liquor brands
took a jump in price Saturday
when a revised list was released
by the Alberta Liquor Control
Board. Higher invoice costs were
responsible for the increase, ac-
cording to J. A. King, chairman
of the board.

"We have been absorbing some
of these higher costs for some time,
but have done so as long as we can,"
said Mr. King. "On some lines we
will continue to absorb the in-
creased cost."

Among the contributing factors to
the increase were rising costs of
factoring costs and heavier in-
surance on imported goods.

Great Britain May Get Idle Danish Ships In U. S. Ports

Report Danish Group To
Set Up Government
In London

NEW YORK, Feb. 3.—(AP)—
The World-Europe said today
that 18 Danish ships, carrying
250,000 tons—most lying idle in
United States ports—would be
released to carry cargo for Great
Britain, subject to approval by the
U.S. government.

In addition, the paper continued,
it was believed 20 other vessels,
which will be sent up to the
American ports would be similarly
released.

The paper went on to say that it
learned through sources in the
Danish government that a group
of Danes in Britain had been working
with Prime Minister Churchill to
set up a temporary Danish govern-
ment to be known as the "National
Danish Council."

This body, the paper related,
would assume responsibility for the
release of the vessels.

The London head of the
International Maritime Union, U.S. agent
for many of the Danish ship owners,
was quoted by the paper as saying
that "I am very hopeful that the
Danish vessels will be able to serve
again."

At 100 p.m. today the 81 visiting
ships went to work in the Calgary
brewing yards. In the next two
draws, 4.30 p.m. and 8.00 p.m., every
kind of whisky and vodka will make
a first and for Grand Challenge
survival.

The Lindbergh Doctrine of American Defence

Although Col. Lindbergh's opinions and conclusions have had wide scope, very little attention has been paid to the reasoning which splits the German and Italian navies and air forces, the British navy has planted British air power in a region which is further by air and much further by sea from the British Isles than is South America.
